

GIORGI GIGUASHVILI

WEB DEVELOPER

GITHUB.COM/GRAPSINHO

[GIORGI GIGUASHVILI](#)

I'm an aspiring programmer with self-taught skills in HTML, CSS, Javascript, Git, Python, Django, DRF and PostgreSQL, as well as some knowledge of MySQL and PHP. I'm seeking practical experience and opportunities to grow as a developer. Thank you!

SKILLS

- Python, PHP(basic, syntax), Django&Django DRF
- HTML&CSS(bootstrap), Javascript, Ajax
- Git
- PostgreSQL, SQLAlchemy, GraphQL
- Celery, Redis
- JWT authentication

EDUCATION

Gori - Faculty of Education, Exact and Natural Sciences

Informatics

2024-current

EXPERIENCE

FITNESS TRACKING API

GitHub Repo: [Fitness Tracking Api](#)

Built with Django and DRF, it includes features like customizable workout plans, fitness goals, user profiles and JWT authentication.

SOCIAL MEDIA PLATFORM

GitHub Repo: [BookFace2](#)

This is a social media platform built with Django, offering features like user registration, profile management, posts, friend requests, notifications, and messaging.

E-COMMERCE WEBSITE

GitHub Repo: [E-commerce-Store](#)

This comprehensive project integrated all my skills, showcasing proficiency in HTML, CSS, Javascript, Python, and database management.
